Michelle Velez-Jonte, Vice-

Dear Mrs. Mullarkey,

We were absolutely delighted with your presentation at the Anthony V. Ceres School. I learned more about writing a book from you in one hour today than I have in my whole career. Your persistence to publish your books, your never give up attitude taught our students a valuable life lesson. You were on target with topic and mixed your presentation style with slides and pictures.

The Scavenger–Hunt activity on your Website gave the students a chance to get to know you before the visit. And your guest book provided students the opportunity to leave a comment or chat with you after the visit. My students were very excited to read their peers comments online and were able to express their feeling about the visit.

Overall the content was very appropriate for the grade levels. The teachers and the students enjoyed it very much.

Yours truly,

Meina Montalbano
Library Media Specialist

Mission Statement

We, the Anthony V. Ceres School Staff, pledge ourselves to instill in all students the desire for learning. Through our example we will promote good citizenship, respect for others, a sense of responsibility, a positive attitude and the willingness to strive for academic excellence.
